A wide-angle photograph of the exterior of the building. The building's facade is a light blue, curved wall with a series of large, rectangular windows. Below the main blue section, there is a ground-floor area with large glass windows that look into a dining or common area. In the foreground, there is a circular, reddish-brown paved area that serves as a playground. Several children are playing on the ground, and there are wooden play structures, including a climbing frame and a small tower. The building is surrounded by green grass and some trees in the background.
